William Pearman
Curriculum vitae (summary)

Research summary

I am a broadly trained molecular and microbial ecologist specialising in population genomics and microbial ecology, developing eco-evolutionary simulations of host-microbe (holobiont) relationships tested against observational and experimental data.

Education

2023	**PhD Marine Science**, University of Otago, Dunedin, New Zealand
2020	**MNatSci (Distinction) Genetics**, Massey University, Auckland, New Zealand
2018	**BNatSci Genetics**, Massey University, Auckland, New Zealand

Awards and honours

2022	Best PhD Presentation - New Zealand Molecular Ecology Conference
2020	University of Otago Doctoral Scholarship ($27,500)
2019	Massey University Masters Scholarship ($15,000)
2015	Vice Chancellors Natural Science Excellence Scholarship, Massey University ($15,000)

Selected major grants

2025 Mana Tūāpapa Future Leader Fellowship ($820,000 NZD) - Independent 4-year fellowship to explore Daphnia microbial ecology
